PROFILE SUMMARY

Skilled Front End Developer proficient in HTML, CSS, JavaScript, TypeScript, React, Next.js, experienced in API integration, Git version control, and tools like Postman and Firebase, excelling in delivering high-quality solutions with strong project management, teamwork, and communication skills.

PROFESSIONAL EXPERIENCE

Upwork

Frontend Developer (Freelance)

November 2024 – Present

Collaborated with international clients to convert design mockups into responsive, high-performance websites. Focused on optimizing frontend performance for fast load times and cross-browser compatibility. Maintained clear communication to deliver projects aligned with client expectations and ensured clean, maintainable code.

EACamp School

Frontend Developer & Mentor

July 2024 – November 2024

As a Frontend Developer and Mentor, I applied my technical skills to real projects while supporting others through knowledge sharing. I introduced structured code reviews to enhance code quality and mentored on effective Git usage, including branching and pull request management. These efforts improved team performance and helped build more scalable frontend applications.

Star Electronics

June 2020 - Present

Sales & Procurement Manager

Led sales and procurement operations, managing sourcing, vendor relations, and contract negotiations. Optimized purchasing for cost efficiency and drove revenue growth through strategic sales and strong client partnerships.

Azel-Ish LTD

Accountant (Internship)

January 2023 - July 2023

Completed an accounting internship, gaining hands-on experience in bookkeeping, account reconciliation, and financial reporting. Developed a solid understanding of core accounting principles and supported data analysis for decision-making.

- HTML/CSS
- Tailwind CSS
- Material UI
- Ant Design
- Animations
- Responsive Design
- Adaptive Design
- Server-Side Rendering
- Redux Toolkit
- REST API
- Zustand
- Vite
- Trello & Jira
- Lazy Loading

SOFT SKILLS

- Critical Thinking
- Adaptability
- Time Management
- Problem Solving
- Communication Skills
- Multitasking
- Openness to Feedback
- User-Centric Thinking
- Team work
- Initiative
- Quick learning
- Respecting Tight Deadlines
- Self-Discipline
- Creativity
- Emotional Intelligence

RECENT PROJECTS

Lacheen Co <https://lacheen-co.vercel.app/>

Developed a full-stack e-commerce platform enabling users to browse, search, and purchase products. The system features real-time admin notifications for new orders and status updates, improving operational efficiency. Implemented secure authentication and role-based access for admin dashboard to protect sensitive business data. Integrated RESTful APIs to manage products, categories, and orders with seamless frontend-backend communication. Designed with responsive layout and user-centric interface to ensure optimal experience across devices.

Key Features:

- Real-time order notifications
- Role-based admin access
- Full CRUD operations (products, categories, orders)
- Responsive design
